

# WHEELS & BRAKES

**High Tech Pur**

**New development 2007:  
PVM forged 7-spoke wheel in  
Y-spoke design.  
Only for racing**

This is the fifth generation of forged wheels made by PVM following the general trend towards FEM calculated wheels.

Weight reduction was the main goal here instead of design and optical considerations. The engineers succeeded in achieving a further weight reduction of up to 20% whilst improving the stability of the wheel at the same time.

## Technical Specifications

- magnesium
- sizes, front: 3.5x17", 3.63x17", 3.75x17", 3.5x16.5", 3.75x16.5"
- sizes, rear: 5.5x17", 5.75x17", 6x17", 6.25x17", 6x16.5", 6.25x16.5"
- weight, approx:  
magnesium size: 3.5 x 17", 2.0 kg  
magnesium size: 6x17", 3.0 kg
